## Radars: Art Hirahara "Central Line"

By GARY WALKER • JAN 13, 2017

Pianist Art Hirahara has a diverse resume, spending time with Charlie Haden, Vincent Herring, Stacey Kent, Dave Douglas and Jenny Scheinman, in addition to recordings of his own dating back to 2000. Art has also studied West African drumming, influences that are part of the palette. His sound is clean, technically astute but exploring.
